

KMC Mountain Register Program

First Set of 50 Made in 1998

Description: Black ABS 10 ¼ inches long, orange plastic end caps.

Construction and Costs: Total \$440.41 or \$8.81 per register.

ABS Plumbing Parts. Purchased- Rossland Pro Hardware Total \$212.73+\$29.78 tax=\$242.51

50-2" ABS cleanouts @ \$2.45=122.50

50-2" Test caps @ \$.79=\$39.50

34'-2" ABS pipe, black @ \$.86 ft=\$29.24

1 hour labour=\$20.00

Cement=\$1.49

Insides - Purchased Kel Print (10% discount) Total \$188.33+\$26.36 tax=214.69

50 Memo Books Blueline A 385 (6.8x4 ruled 100 pages, black) @\$3.60=\$180.00

50 Pencils 10 @ \$2.25=\$11.25

50 Pencil Sharpeners @\$.36=\$18.00

History. Unfortunately animals like to chew the orange ends and some are know to have leaked including Gimli, Dag, and Wilton. The plan is to replace all 50 if possible. Ideally the plastic part can be exchanged and brought down. The end cap exchanged and the tube recycled.

Second Set of 50 Made in 2001

Description: Black ABS 8 ¾ inches long, round ABS end caps painted green.

Construction and Costs: Total \$730.13 or \$14.60 per register.

ABS Plumbing Parts purchased-Rossland Pro Hardware Total \$477.24

50-2" ABS cleanouts @ \$1.84

50-2" Feminine adapter @ \$2.69

50-2" ABS end caps @ 3.15

2" ABS pipe cut into 6 ¼" lengths

Insides - Purchased Hall Stationary Total \$215.04

50 Memo Books Blueline A 385 @ \$3.60

50 HB pencils

50 Pencil Sharpeners

Green spray paint \$7.75

Third Set of 25 Made in winter of 2005

Description: Black ABS 9 inches long, flat ABS end caps painted orange with green painted over.
Construction and Cost: Total \$421.60 (minus 25 end caps=\$92.06)=\$329.54=\$13.18 per register.

ABS Plumbing Parts purchased-Arrow Building Supplies Total \$296.48

25-2" ABS coupling @ \$2.36=\$53.00
25-2" ABS drain caps @ \$1.39=\$31.25
50-2" ABS caps @ \$3.59=\$161.50
10' 2" ABS pipe @ \$1.07=\$10.70 cut into 61/2' lengths
Super Degoooper \$4.13

Insides - Purchased Kel Print Total \$125.12

25 Memo Books Blueline A 385 (15% discount) @ \$4.40=\$110.00-\$16.50=\$93.50

24 Dix pencils @ \$3.90/12=\$7.49

25 Pencils sharpeners=\$9.75-\$1.98=\$8.77

Construction Notes:

1. Use black ABS as more durable and less brittle, easier to find in the snow. Cheaper, but not UV resistant so it needs to be inside the cairn. Try to put on the north side of the cairn.
2. Use only the one piece cleanouts with the included female adapter (that attaches to the pipe). Cheaper and one less piece to glue.
3. Use only thick ABS end caps-no test caps as they are not critter proof. They are the most expensive piece and cost almost \$3 more but, are necessary.
4. Buy high quality pencils with erasers and preferably stainless pencil sharpeners.
5. The rubber O rings on the screw on drain caps may be the weak link as they don't last forever especially in the harsh environment on the summit of a mountain.
I try to put the register in the cairn with the end up. This exposes the most Waterproof end of the tube and leaves the painted end most visible. UV protection is important for longevity. It would be nice to have a sticker for the outside of the register with Kootenay Mountaineering Club. Also instructions on storage in the cairn.
